Experience the ultimate in skincare with **Juna Cosmetic Moisturising Ceramide Face Gel**, a powerhouse formulation designed to elevate your skincare routine to new heights. Packed with key ingredients known for their remarkable benefits, this gel is your secret to achieving healthy, radiant, and nourished skin.

Ceramide AP and Ceramide NP: The dynamic duo of ceramides in this formula work tirelessly to fortify your skin's natural barrier. They help to lock in moisture, preventing dehydration and ensuring your skin remains supple and resilient. Say goodbye to dryness and hello to a smoother, more youthful complexion.

10% Niacinamide (Vitamin B3): Unlock the potential of your skin with the 10% niacinamide in our gel. Niacinamide is a skincare multitasker that regulates sebum production, making it suitable for all skin types. It's your defense against redness, acne, and irritation while promoting an even skin tone. Bid farewell to fine lines and embrace skin that looks and feels rejuvenated.

5% Centella: Nature's soothing gem, Centella, makes an appearance in our formula to calm and comfort your skin. Its anti-inflammatory properties soothe sensitivity and reduce redness, making it a savior for those with delicate or irritated skin. Plus, it may stimulate collagen production for firmer, more elastic skin.

Mult HA (Multiple types of Hyaluronic Acid): **Hyaluronic Acid** is the ultimate hydrator, and our formula takes it to the next level with multiple types of hyaluronic acid. This dynamic combination ensures that hydration penetrates different layers of your skin, resulting in a plumper, more supple complexion.

Indulge in the luxurious texture of our gel, which absorbs quickly, leaving no greasy residue. Whether you have dry, oily, or sensitive skin, Juna Cosmetic Moisturising Ceramide Face Gel is your ticket to well-hydrated, resilient, and visibly improved skin texture. It's the essential addition to your skincare routine for that coveted healthy glow.

Transform your skincare routine today with **Juna Cosmetic Moisturising Ceramide Face Gel** and unveil the true potential of your skin. Your journey to radiant, nourished, and protected skin begins here.

Juna Cosmetics Tri Peptides Moisturising Cream

Discover the transformative power of **Juna Cosmetics Tri Peptides Moisturising Cream**, a meticulously crafted skincare essential designed to nourish, repair, and rejuvenate your skin. Infused with a symphony of potent active ingredients, this cream targets multiple skin concerns—from fine lines and loss of firmness to dryness and irritation - delivering visible results with consistent use. At the heart of its formula are the key actives, each working synergistically to promote a healthier, more radiant complexion. Whether you're battling environmental stressors or seeking everyday hydration, this cream is your ally for timeless beauty.

Our Peptide Complex stands out as a powerhouse for anti-aging featuring Palmitoyl Tetrapeptide-7, Palmitoyl Hexapeptide-12, and Hexapeptide-11, these advanced peptides penetrate deep into the skin to stimulate collagen production and enhance elasticity.

Palmitoyl Tetrapeptide-7 is renowned for reducing inflammation and calming redness

Palmitoyl Hexapeptide-12 helps firm and plump the skin by mimicking natural growth factors.

Hexapeptide-11 complements by boosting cellular energy, aiding in the repair of damaged tissues.

Together, they diminish the appearance of wrinkles, promote smoother texture, and restore a youthful bounce, making this cream ideal for mature skin looking to turn back the clock.

Complementing the peptides are our **CERAMIDE DUO: Ceramide NP and Ceramide AP**. These essential lipids are the building blocks of your skin's natural barrier, fortifying it against moisture loss and external aggressors like pollution and harsh weather.

Ceramide NP excels in locking in hydration and improving barrier function

Ceramide AP supports skin renewal and soothes sensitivity.

By replenishing these vital components, the cream helps prevent dryness, cracking, and irritation, resulting in a stronger, more resilient epidermis. Positive feedbacks report softer, more supple skin after just a few applications, especially those with compromised barriers from over-exfoliation or aging.

Expanding on hydration that focuses on **MULTI-DIMENSIONAL MOISTURIZERS, led by Hyaluronic Acid, Panthenol, and Beta-Glucan**. **Hyaluronic Acid**, a humectant superstar, draws in up to 1,000 times its weight in water, providing intense, long-lasting hydration across skin layers. Its acetylated form offers even deeper penetration for plumper, dewier results. Panthenol work as gentle attractants, soothing while they hydrate, and Beta-Glucan adds an immune-boosting element that calms inflammation and enhances moisture retention. This blend ensures your skin stays quenched throughout the day, reducing flakiness and promoting a glowing, healthy visage without greasiness.

Finally, this cream highlights soothing **botanicals and extracts for ULTIMATE CALM & REPAIR**. **Centella Asiatica Extract** takes center stage with its wound-healing and anti-inflammatory properties, accelerating recovery from blemishes or environmental damage. Supported by **Aloe Barbadensis Leaf Extract** for cooling relief, **Cucumis Sativus** (Cucumber) Fruit Extract for refreshing hydration, **Portulaca Oleracea Extract** for antioxidant protection, and **Allantoin** for gentle exfoliation and softening. The inclusion of marine algae blend of **Fucus Vesiculosus, Laminaria Digitata, Spirulina Maxima, Porphyra Umbilicalis, and Ascophyllum Nodosum** infuses minerals and vitamins, detoxifying and revitalizing tired skin. Beyond these actives, the cream's base includes nourishing elements like **Squalane, Macadamia Ternifolia Seed Oil, and Tocopheryl Acetate** for added antioxidant defense and emollience.

Free from harsh chemicals, it's suitable for all skin types, including sensitive ones. Apply a pea-sized amount morning and night after cleansing for optimal absorption. With regular use, expect firmer contours, even tone, and a luminous glow. Embrace the science-backed luxury of **Juna Cosmetics Tri Peptides Moisturising Cream** - your skin's daily ritual for enduring vitality.
